Step 1

Wear the appropriate Personal Protective Equipment (PPE) when handling cryogenic shipments.

Step 2

Once the shipping system arrives, check the enclosure and hardware for any damage that may have happened during transit.

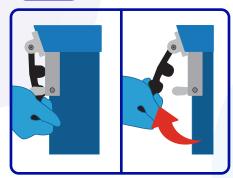

NOTE: General Purpose (GP) shipping systems will arrive in a gray enclosure and the Advanced Therapy Shipper® (ATS) in blue.

Step 3

Use scissors to remove zip ties from both rubber latches.

Step 4

Unlatch both sides by disconnecting the black rubber handle from the bottom and pull the latch up and away from the shipping system.

Step 5

To access the dewar, open the lid and cut off the zip tie on the hinged cap with scissors.

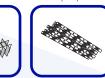

Step 6

Before opening the hinged cap and removing the vapor plug, secure your payload with secondary packaging and/or a compatible accessory. To download our Accessory Catalog, please visit cryoport.com/brochures.

ACC-9043 Cryovial Box

ACC-9141

Crvostrap[®]

ACC-9033 Canes Holds 5 (2ml) vials

Use alone or with the Safepak® Systems to secure blood cassettes and cryovial boxes

Step 7

Open the hinged cap and pull up on the circular handle in the center to remove the vapor plug. Set the vapor plug aside, with fleece lining facing up.

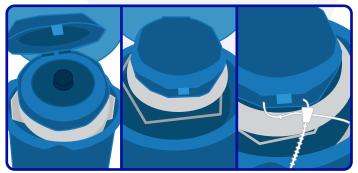

Step 8

Slowly lower the packaged commodity into the dewar.

NOTE: Make sure the commodity is placed at the bottom of the dewar, and doesn't obstruct the vapor plug.

Step 9

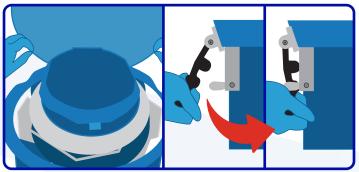

Reinsert the vapor plug. Close the hinged cap and secure it with a zip tie. Do not over tighten the zip tie as it will cause breakage.

Step 10

Locate the shipping envelope in the clear pouch on the dewar handle. Take out the label/marking and place it on the metal panel.

Step 11

Close the lid and push the black rubber latch down towards the shipping system and connect it to the metal hardware. Complete this step for both latches.

Step 12

For International Shipments ONLY

Sign and date the commercial invoices located in the Leg 2 envelope.

Return all shipping documents behind the Air Waybill, including any permits, forms, licenses, etc.

Step 13

Pack the necessary documents into the Leg 2 envelope, with the air waybill on top. Then seal the envelope, remove the sticker backing, and place it on the metal plate.

 $NOTE: Documents\ will\ include\ the\ air\ way bill\ and\ the\ QA\ certification\ (if\ necessary).$

Step 14

Insert the zip tie through each metal latch hole, wrap it around each latch, tighten it, and secure the lid. Do not over tighten the zip tie as it will cause breakage.
